Background Information

I am an unlicensed, supervised psychological trainee at Essex Pediatrics under the supervision of Licensed Clinical Psychologist-Doctorate, Cath Burns. I received my doctorate at the University of Vermont with a focus upon Developmental Psychology. I am currently completing the supervised practice hours required to be licensed as a clinical psychologist in the State of Vermont.

During my time as a pre-doctoral clinician at the University of Vermont, I provided comprehensive assessments and treatment for children, adolescents, and young adults. My work with these individuals addressed a variety of emotional, behavioral, and developmental concerns experienced by children, youth and their families using predominately behavioral and cognitive behavioral approaches. In addition, I have taught graduate classes in clinical and developmental psychology in the UVM Clinical Psychology Doctorate Program and in UVM's undergraduate psychology program.
